Platform established by
Maxima Logistics

www.deliver.sg

Singapore's Long Distance Food Delivery Platform

www.deliver.sg

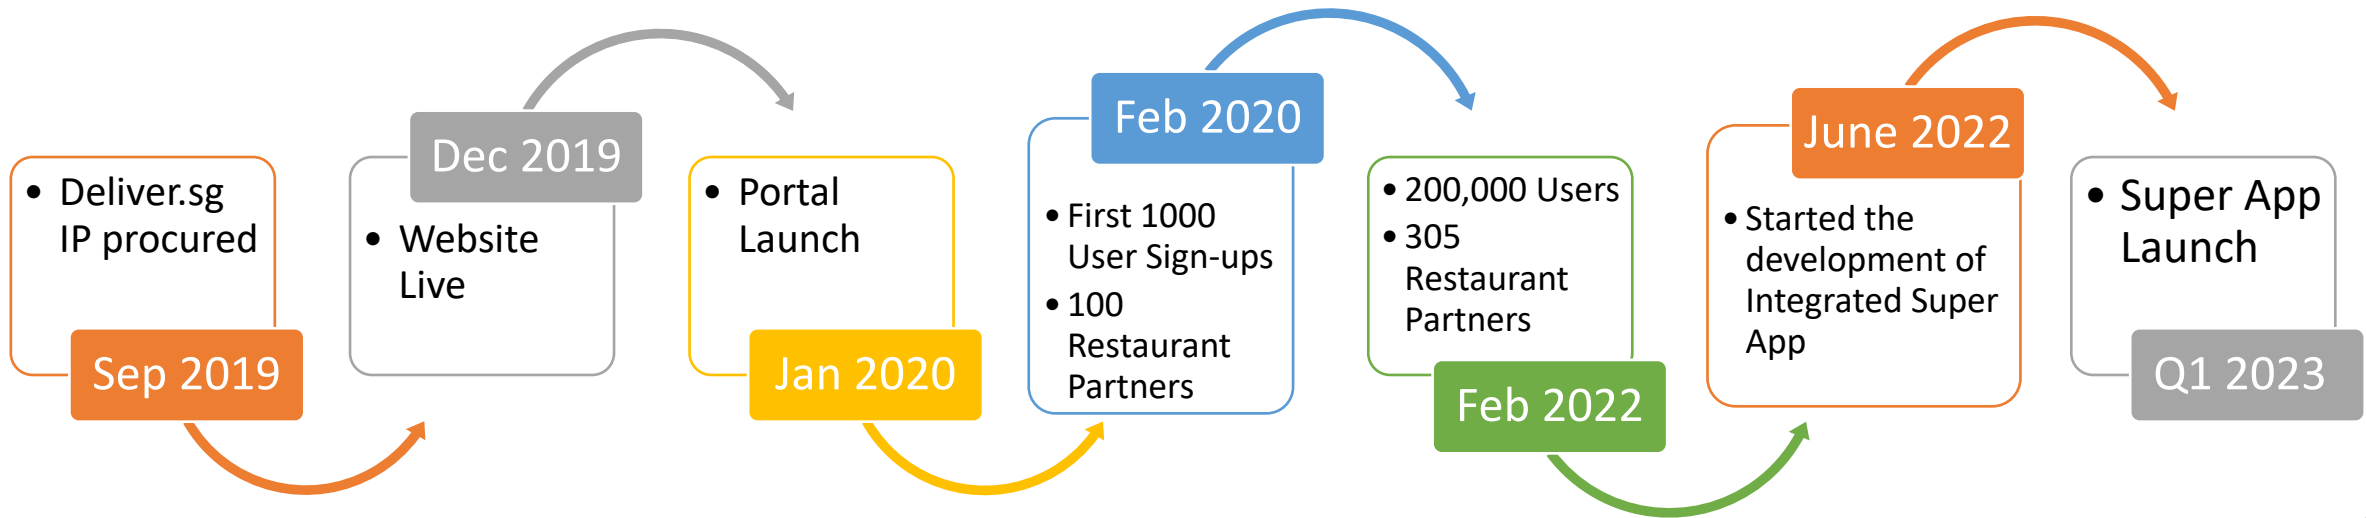

MOAT

**Empowering Restaurants
To Fully Reach Out to Every Potential
Customer Outside Of Their Physical
Grounds**

Our Journey

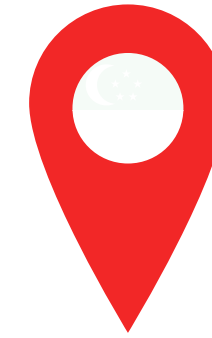

We are operating for the past 3 years

Opportunities :

**On-Demand & Hyper Local
Delivery Service**

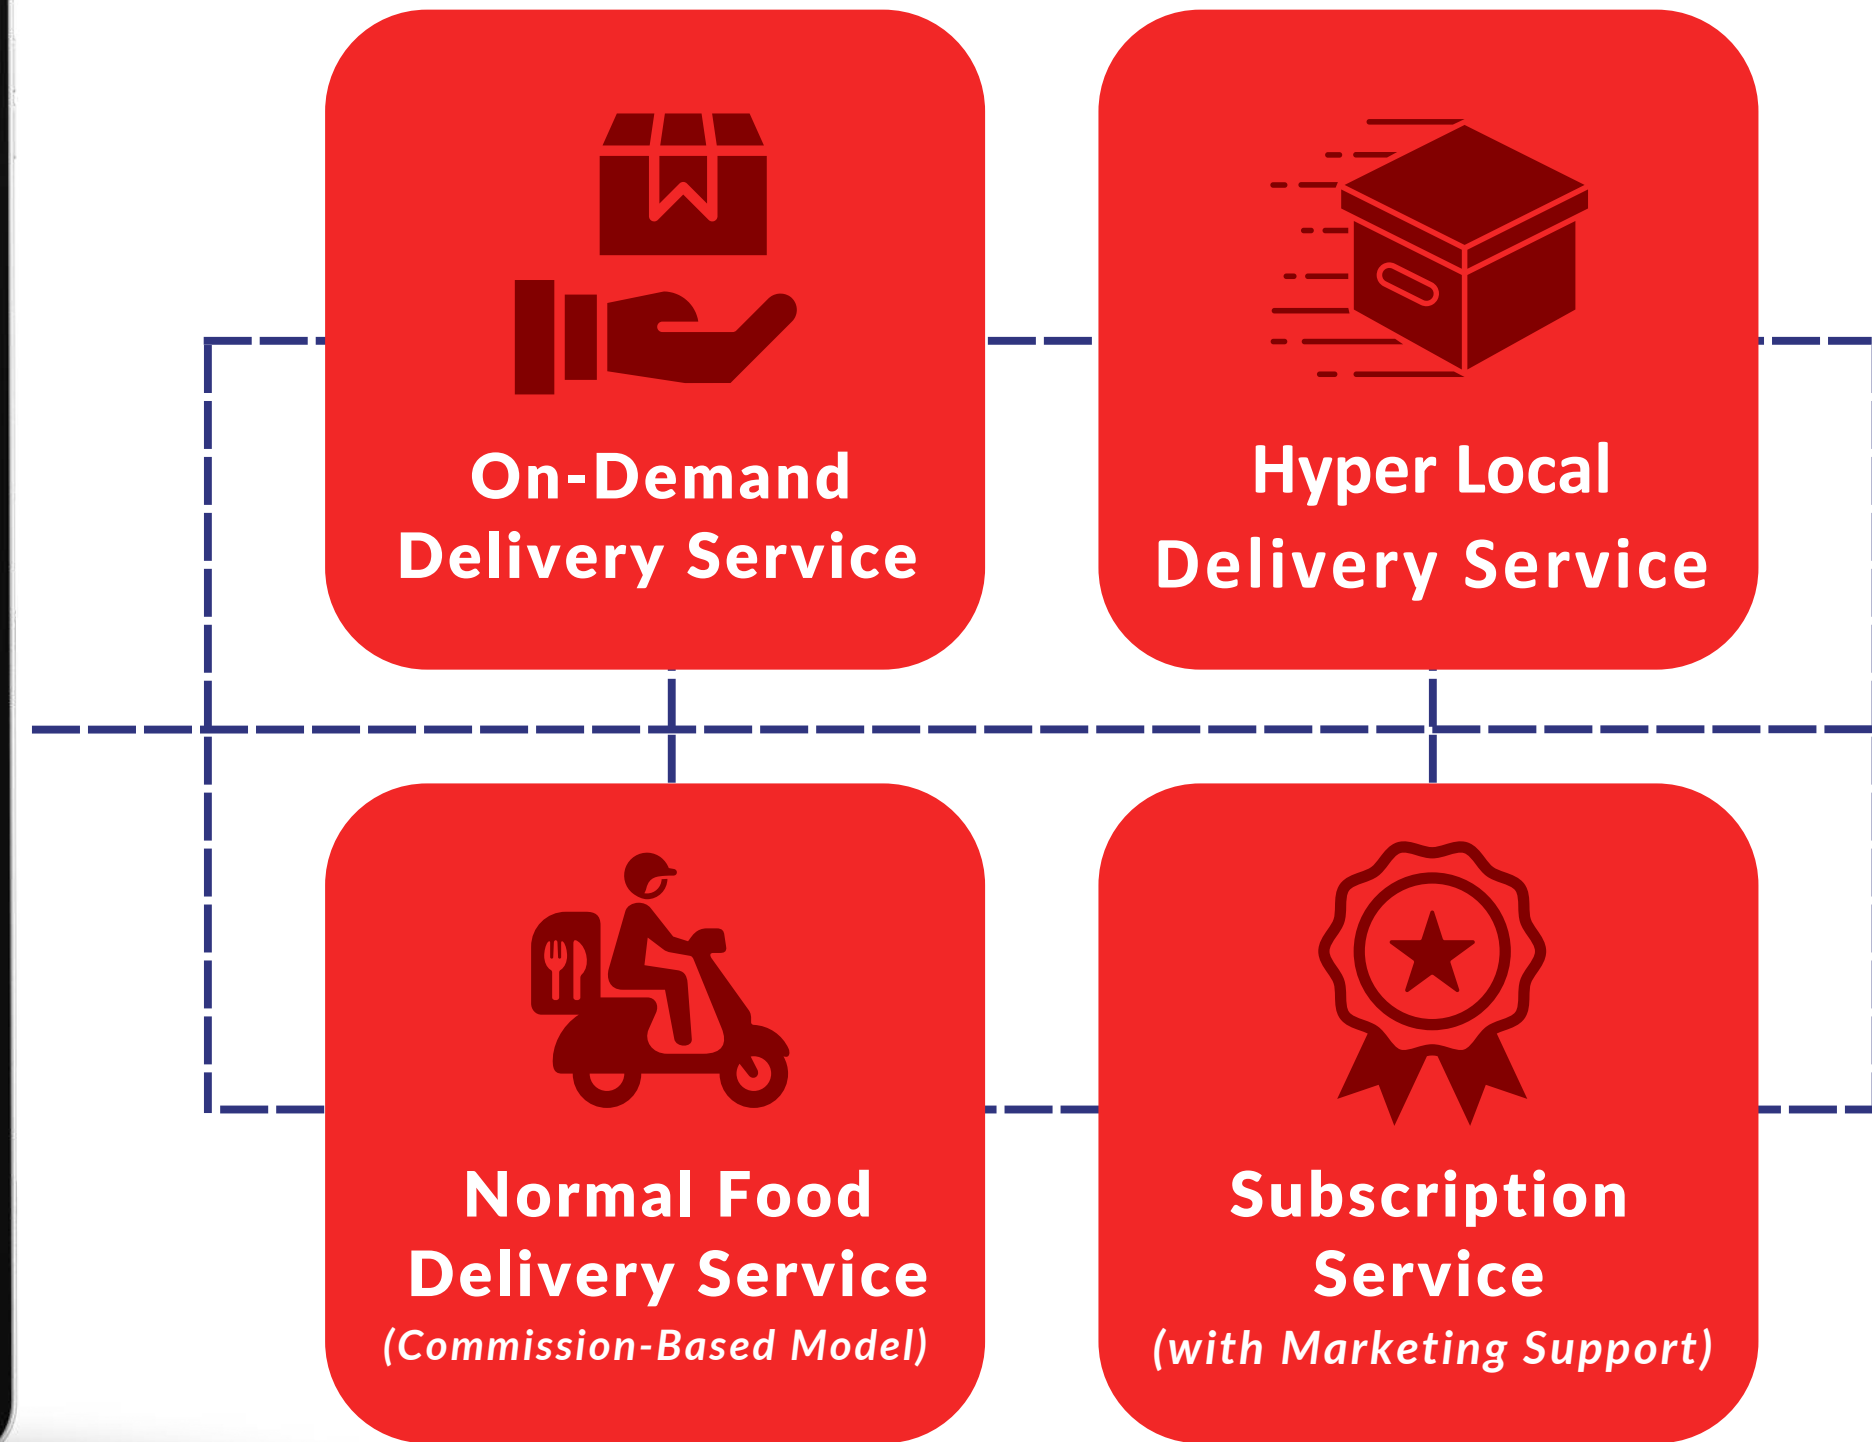

Singapore

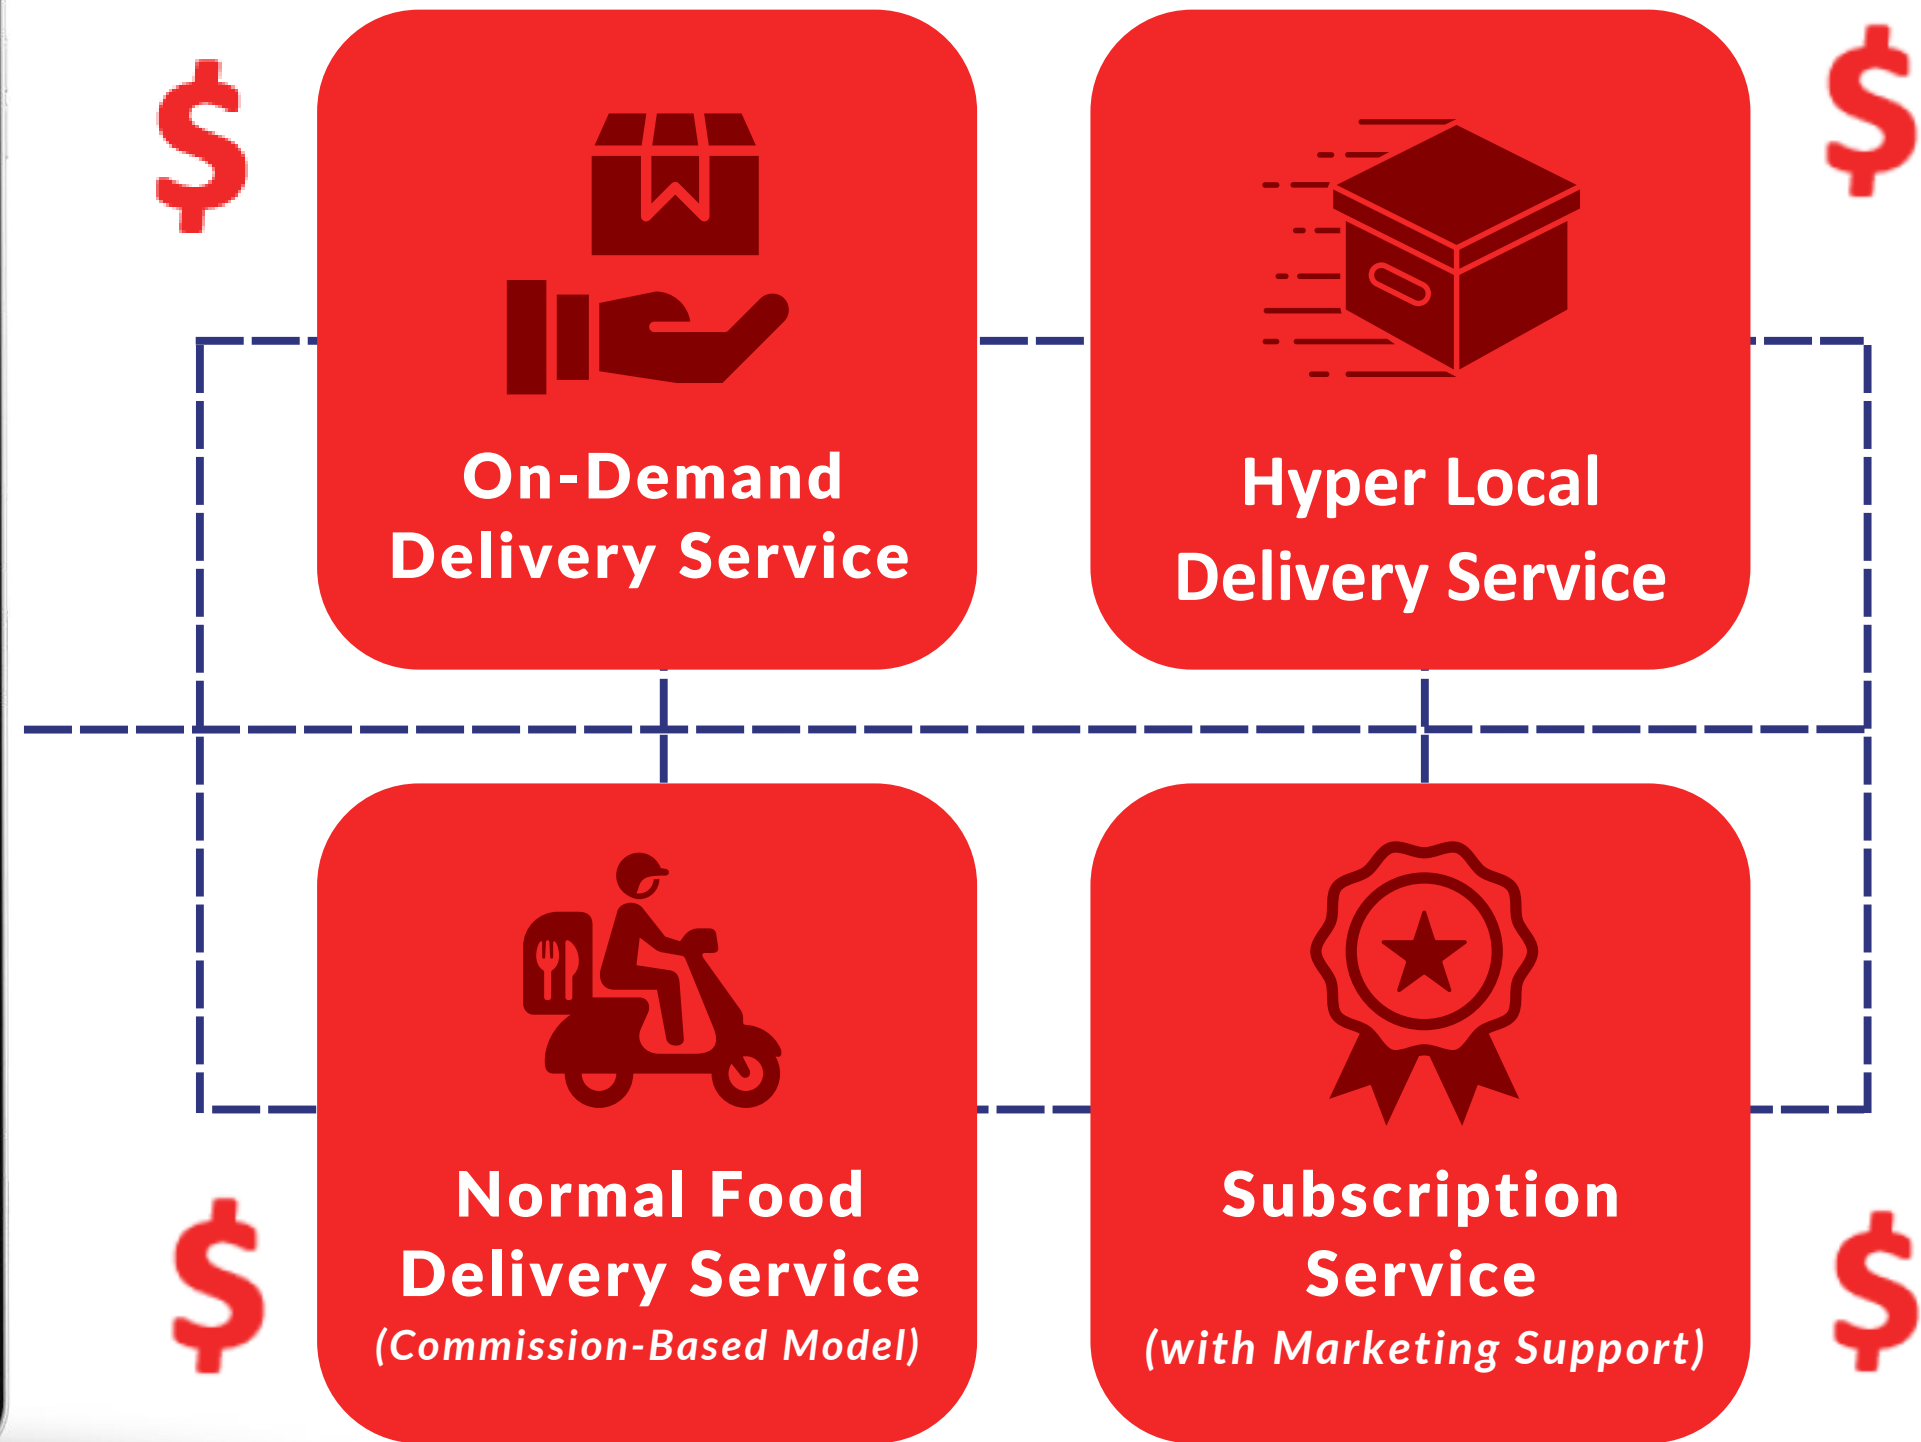

Subscription Service

Singapore

Coming up with new concept

We have many revenue streams due to DAAS

Hyper Local Delivery

CURRENT PROBLEM IN CONDO (Private Apartment)

- Delivery rider to park in designated parking area
- Visit security office and sign the register
- Rider to carry the food or any other items and reach designated block BY WALK
- Call resident via intercom and request them to give access to the lift
- After delivering, rider need to come back to security office and update the 'Out Time' in the register
- Go to park area and take the vehicle

TIME TO COMPLETE BY EACH RIDER: 20 MINS

OUR NEW CONDO DELIVERY

Introducing **COCAL** (A Hyperlocal & Last-mile Condo Delivery Service)

- Appoint dedicated delivery riders with the help of condo management and provide electric vehicle (EV)
- Outside delivery rider leave the food or any other items near to the security office.
- Cocal delivery riders will pick up the items from security office and pass it to designated houses in the condo.

TIME TO COMPLETE BY OUTSIDE RIDER: 4 MINS

Advantages of COCAL

- ✓ Outside delivery rider can save lot of time
- ✓ Eco friendly deliveries for a sustainable environment
- ✓ Trusted Cocal delivery riders
- ✓ Condo resident's safety

Subscription Service with Marketing Support

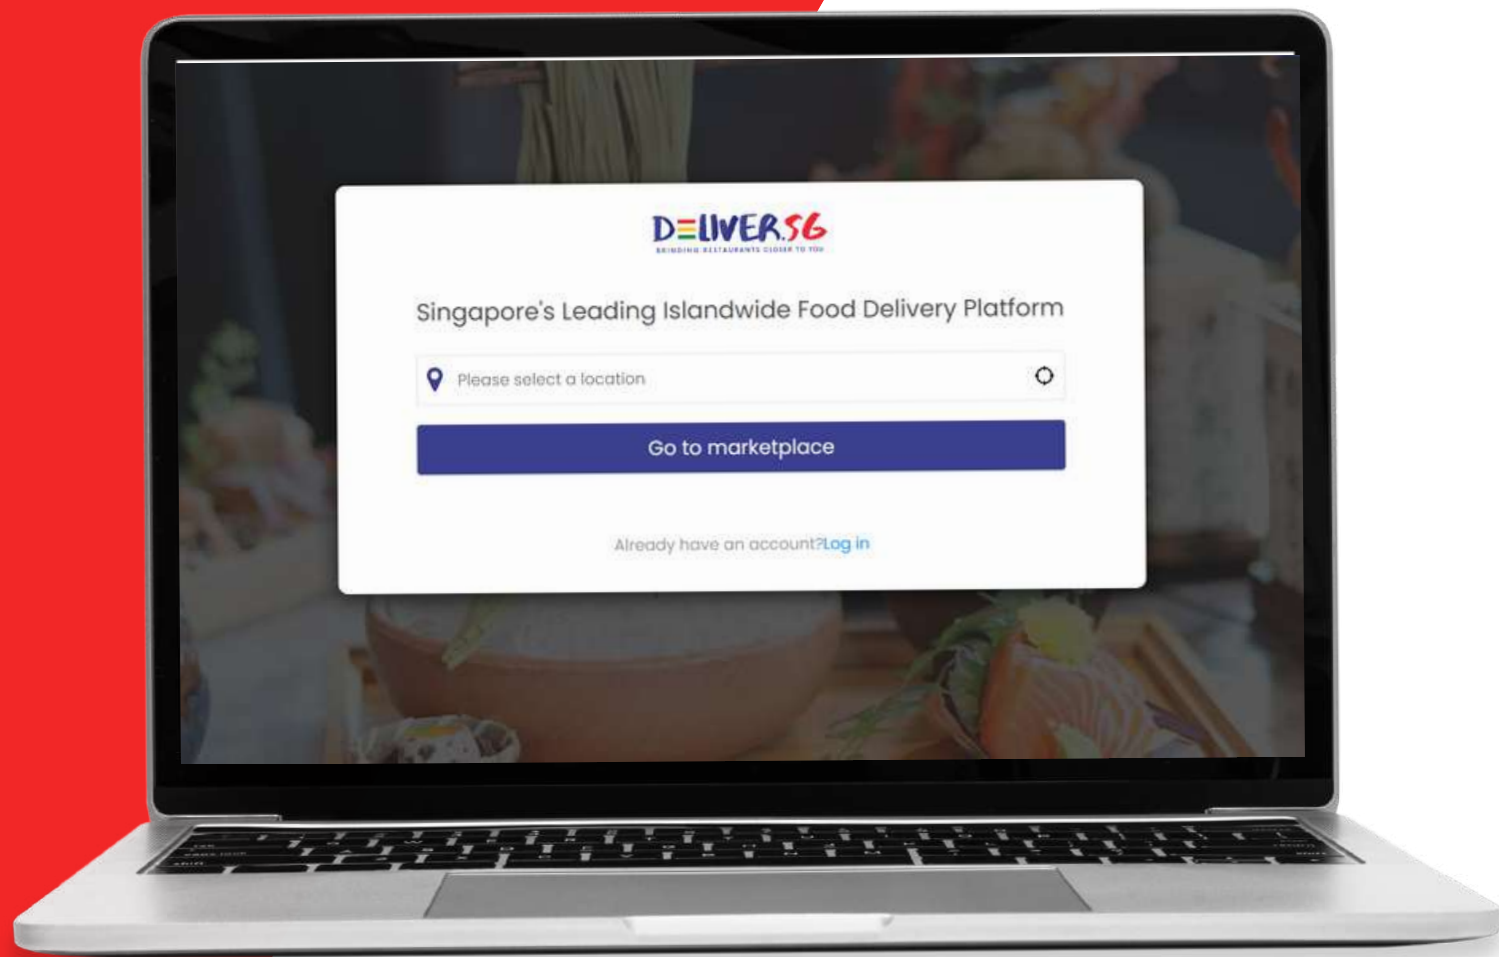

- ✔ We are probably the first provider to offer subscription based service with marketing support
